

A COURT FOR YOUR HOME,  
**AN INVESTMENT IN  
YOUR FAMILY**

**“ I coach my 9-year old son’s basketball team and we often have practice in our backyard on my dream court. Our entire family enjoys the convenience of walking out the back door a few steps and onto the court. ”**

*~ D. Grano, New York*

## INDOORS OR OUT, SNAPSPORTS® IS THE ATHLETIC SURFACE FOR YOUR HOME

Three generations of continuous innovation, design, and product development have made SnapSports Athletic Surfaces the clear industry leader. No other modular sports flooring system delivers this level of quality, durability, safety, and performance. SnapSports leads the industry with patented performance, a **16-Year warranty**, and technologies such as ShockTower®, TuffShield®, ShockLock®, and the industry's only patent pending pickleball-specific polymer formulation. SnapSports Athletic Surfaces are tested in the lab and proven at the highest levels of athletic competition. Whether it's for top sports organizations or a family backyard tournament, SnapSports delivers.

### Top Reasons to Purchase a Court for Your Family:

- **Fun** – A family that plays together, stays together
- **Safety** – SnapSports surfaces are top-rated for safe play. Also, you will know where your kids are, what they're doing, and who they're with
- **Health** – Get 'em off the couch! Athletic courts are a great alternative to video games, the Internet, televisions, and phones
- **Athleticism** – Develop and hone sports-specific skills and habits along with good sportsmanship
- **Aesthetics** – Be the envy of your neighborhood with a vibrant and durable surface

# RESIDENTIAL SPORTS

## There's No Limit to How You Can Use Your Court

Multi-courts are engineered to easily convert for basketball, tennis, volleyball, pickleball, hockey, soccer, badminton, paddle tennis, hopscotch, shuffleboard, four square, kickball, dances, and more. Plus, our multi-courts are a great place to teach kids to ride bikes, jump rope, and even host parties.

## The One Court for all your family sports™

“As a big guy and former athlete, I needed an athletic surface that would be forgiving on these old knees. Their revolutionary SnapSports ShockTower athletic surface has built in shock absorbency and it was a no-brainer for me.”

~ Shaquille O'Neal – 4x NBA Champion

## Slay Pickleball and Everything Else with PickleGrip

Working in collaboration with amateurs and pros, we developed a new material formulation specifically for pickleball courts. Our patent-pending polymer provides increased friction and traction for better grip, ball bounce, and consistent play. It also offers more traction underfoot.

From backyard courts to large community operations, PickleGrip Pickleball Surface utilizes a rigid spine and patented ShockLock® locking system: a dynamic, multi-sport performer that is quickly becoming a best seller.

### Features:

- **Fast, true pickleball bounce** – Similar to an indoor hardwood court
- Easily installs directly on an existing slab or cracked tennis court with minor prep work
- Highest wet/dry traction of any modular surface available
- **14% More force reduction** than hardcourts – More comfortable for athletes
- Post tension slab not required

Ludacris, Grammy award winning record artist and actor

## DESIGN YOUR DREAM COURT

### 19 Standard Outdoor Colors

With a rainbow of colors to choose from, your court will be the envy of the neighborhood.

Due to printing limitations and different lighting situations, colors seen may not be accurate. Color chips are available upon request.

Nick Rimando, MLS record holding goalkeeper

## The Newest Advancement in SnapSports® Tech

Whether it's basketball, volleyball, or futsal for your family sport, Outdoor Revolution is always up for a game. Our newest outdoor athletic surface is the ideal backyard game court offering all-weather traction and superior ball play, no matter the sport.

Get the kind of freedom only Outdoor Revolution can give you. Call SnapSports today and start making a plan for your home.

**1-800-664-3865**

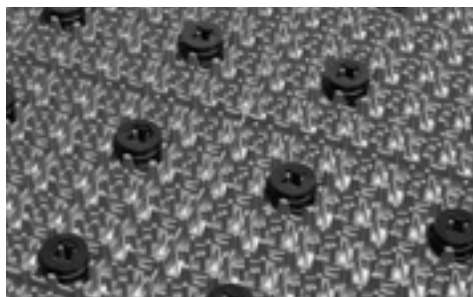

### Features:

- Patented **ShockLock®** interconnecting system for lateral stability
- Available with **ShockTower®** high-performance suspension system
- 938 Individual support legs for superior performance and safe play
- Superior **UV stable** all-weather performance
- Optional high-traction formulation available
- Performance Integrated Traction Surface (*PITS*) for superior dry-traction and consistent ball play for all sports

### ShockLock® System

The ShockLock system keeps the entire sport surface fully interlocked, but allows individual modules to move up to 1/8". This lateral give provides unmatched comfort and safety.

### Available ShockTower®

Get an added level of "cush" to reduce impact on joints, letting you play longer today and for years to come. 20% Force reduction is the industry leader at minimizing impact forces from play or falls.

# DURACOURT®

## Versatile, Affordable SnapSports® Technology

The cross-rib design and traction nubs provide an ideal ball bounce, making it the genuinely optimal surface for tennis.

The competitive price makes it the preferred choice for large court installations, so you enjoy various sports and get the maximum use out of your space.

Design the court of your dreams at [www.snapsports.com](http://www.snapsports.com)

## Features:

- Excellent **all-weather traction**
- Patented **PowerLock®** interconnected system for lateral stability
- Value priced high performance athletic surface
- 841 Individual support legs for great performance in all sports
- **Seamless design** for an eye-catching, aesthetically pleasing look
- Vertical and lateral **shock absorption** for player safety
- **19 UV stable colors** available

## PowerLock® System

Engineered to handle aggressive play, the PowerLocks become part of the substructure when engaged.

## Nearly Invisible Seams

Just because you have a modular court doesn't mean it has to look like one. DuraCourt's virtually seamless design makes it difficult to spot the seams when installed.

# CLASSIC XL<sup>®</sup>

## One of the Most Successful Modular Sports Surfaces in History

This 18" x 18" x 1/2" system has 70% fewer seams than other floor systems, which provides the most consistent ball/puck performance and a more comfortable experience for athletes. Also available in light or dark maple and known as Maple XL, this proven surface also works well for indoor pickleball.

All Classic XL surfaces can be installed over CourtKeeper, rubber underlayment, or with ShockTower for added cushion and support.

**Call and chat with a specialist today:**

**1-800-664-3865**

### Features:

- Low initial investment and low maintenance costs
- Versatile for multiple sports and activities
- New installation or retrofit in just hours, not days
- Not affected by moisture or humidity
- Solid, substantial feeling underfoot
- No adhesives or anchoring required
- Portable or permanent
- **Over 20 colors available**, with options for light or dark maple look vinyl top

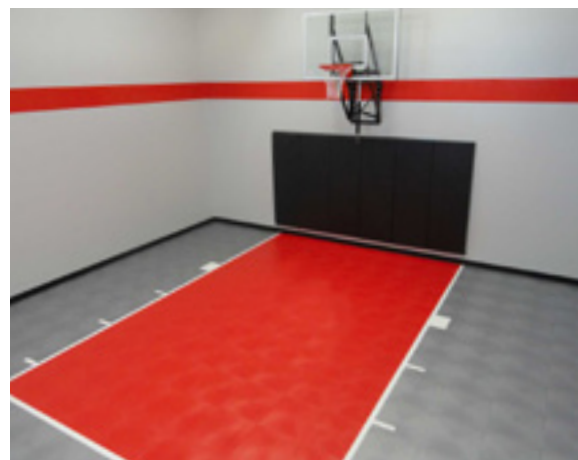

### PowerLock<sup>®</sup> System

PowerLocks are engineered to handle aggressive play and become part of the substructure when they're engaged.

### Available ShockTower<sup>®</sup>

Adds a level of "cush" to reduce the impact on joints and limbs, letting you play longer today and for years to come.

# INDOOR REVOLUTION®

## Top-Rated High Performance Surface

Indoor Revolution is a favorite for championship basketball, volleyball, and futsal events and home gyms alike.

Our engineered surfacing performs like hardwood without being affected by moisture, humidity, or temperature. **It can even look like hardwood.** This surface is our best seller!

**Be the champion of your game with this high-performing floor.**

**Call us today:**

**1-800-664-3865**

## Features:

- Patented ShockLock® system absorbs lateral impact
- Available with **ShockTower®** high-performance suspension system
- Unaffected by moisture, humidity, or temperature
- Suitable for multiple sports and activities
- Low annual maintenance
- **Over 20 colors available**, with options for maple vinyls, TuffShield high-gloss and Halo finishes
- Easy to clean and sanitize

## ShockLock® System

The ShockLock system keeps the entire sport surface fully interlocked, but allows individual modules to move up to 1/8". This lateral give provides unmatched comfort and safety.

## Available ShockTower®

Get an added level of "cush" to reduce impact on joints, letting you play longer today and for years to come. 20% Force reduction is the industry leader at minimizing impact forces from play or falls.

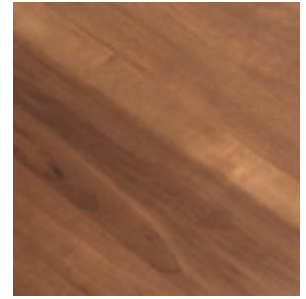

### Maple Vinyl Laminate

Traditional hardwood is expensive and maintenance-intensive; forget all that with the durable, proprietary pressure-bonded finish.

Light Maple

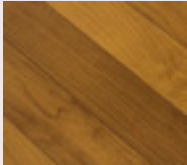

Dark Maple

### TuffShield

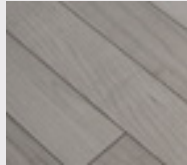

Molded into the surface, the patented TuffShield provides a durable, easy-to-clean surface that does **not** require costly humidity controls.

Light Maple

Dark Maple

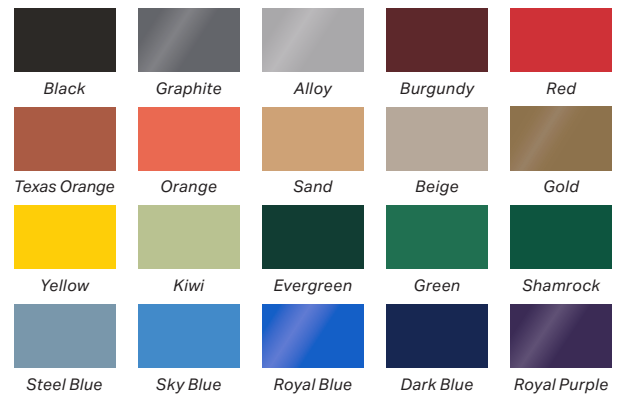

Gray Maple

Also available as a transparent high-gloss finish over standard colors

### Standard Indoor Colors

With 20 standard colors to choose from, you're sure to find the color that suits your needs.

Due to printing limitations and different lighting situations, colors seen may not be accurate. Color chips are available upon request.

# HOOPS & COMPONENTS

## Get the Complete Package

SnapSports offers everything you need to get your game on—and adjust it to your level and type of play. The complete SnapSports package includes our industry-leading sports surfacing and Duraslam adjustable basketball hoop system, SnapSports adjustable multi-game net, containment netting, SnapBack Rebounder, and solar or LED court lights.

## 1 DURASLAM®

### *Adjustable Basketball Hoop System*

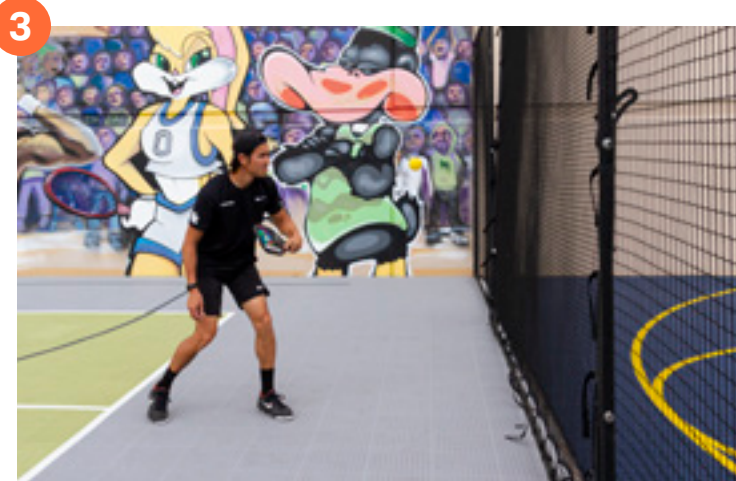

Keep your hoops game at NBA regulation height or lower it to give kids their best shot. The Duraslam in-ground basketball hoop lets you enjoy an NBA-style see-through tempered glass backboard, straight and reinforced steel pole, and a basketball hoop designed to withstand any weather.

## Adjustable Game Net

SnapSports' multi-game nets are engineered to effortlessly allow maximum and continuous use of your court. Easily adjust the system from high to low for all your favorite sports, such as basketball, tennis, volleyball, badminton, and pickleball.

## SnapBack®

The SnapBack Rebounder is a fully adjustable practice and sports training aid available in two sizes: 10' x 15' (*SnapBack Pro*) and 10' x 10' (*SnapBack Sport*). With a tilt range of 10° forward to 10° backward, this multi-patented feature changes trajectory and ball speed to help develop and improve player skills.

## LED Lighting

Ignite your night game! Concentrate on your game, not WHEN you can play with SnapSports' fully adjustable LED Floodlights that keep your game going all night long. Our lights are configurable as single, double, or triple fixture lighting systems which provide up to **50,700** lumens per pole. The **energy-efficient** LED fixtures are pre-wired for either 120 V or 240 V. Available in 400 W & 1000 W metal halide equivalent. Ask about our **new** battery powered, solar charged 1000 watt equivalent LED system—no wiring required.

## Containment Netting

Our heavy-duty, Schedule 40 galvanized, powder coated steel frame is available in 5' and 10' heights. The commercial-grade UV-resistant black nylon netting blends perfectly with existing landscapes.

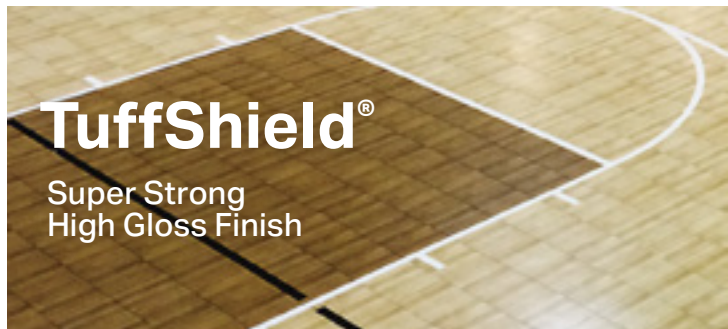

## Custom Logos

Level up your outdoor space with a custom design that reflects your unique style and fandom! A **professional-grade** logo promises to be the perfect final touch accentuating your new court and transforming your outdoor area into a standout space to showcase your love for the game.

# SHOCKTOWER®

**The Only Modular Sports Flooring With Independent Shock Absorbers**

Patented SnapSports technology gives an added level of "cush" to reduce impact on joints and limbs, letting you play longer today and for years to come.

## TuffShield®

Super Strong  
High Gloss Finish

Patented technology provides a polished and professional look without paint or decals. No need for costly humidity controls with this easy-to-clean, waterproof surface. Available in transparent, light maple, and dark maple.

## ShockLock®

"Give" built-in

The ShockLock system lets individual modules slide, but keeps the entire sport surface fully interlocked. This built-in "give" eases player joint impact and creates a safer athletic surface.

## PickleGrip™

Our exclusive technology gives you the performance you'll need at a cost you'll love. Get superior ball bounce and grip with PickleGrip copolymer material, only from SnapSports.

## PowerLock®

Engineered to handle heavy loads, the patented PowerLocks become part of the understructure when engaged. Multi-patented Step-N-Snap design makes for no tools, no glues, and no toxic fumes.

## Court Keeper

This vinyl-based solution allows the concrete to breathe while providing better force reduction and ball performance than odorous recycled rubber.

# CERTIFIED SPORT BUILDERS

## We'll Perform the Installation. Making It to the Pros is up to You

Let us do the full installation for you, or you can do it yourself. We have a nationwide network of certified court builders and installers who will take care of getting your court installed professionally.

Many of our professional installers have nearly four decades of court building experience in all types of climates, soil and water conditions, topography, and limited or restricted access areas. Many courts can be installed start-to-finish in two days or less.

For a quick outline of the steps involved with the installation, we invite you call us at: **1-800-664-3865**

### Key Benefits:

- Over three generations' worth of experience
- Nationwide dealer network
- Most installations finished in under two days
- Expert knowledge of base requirements
- Custom line panting done right

### Base Options

A flat concrete base built to meet local ground requirements is typically the best base. However, a solid asphalt base will work with the proper access, as will a professionally installed and compacted aggregate base.

### Installation

We offer a complete turn-key project by an authorized SnapSports dealer, or if you prefer to do the installation yourself, we have you covered.

### Professional Line Painting

There is no need to paint the game lines yourself. Our expert installers have the equipment and expertise to paint regulation and custom lines for all the sports you play.
